Additional Notes:

***There is an additional fee of \$3/day for medications given by injection. There is an additional fee of \$12/application for administering monthly parasite preventatives (oral and/or topical). All medications, preventatives, and supplements are provided by client. DDO does not offer these items for sale. Please bring it to our attention if your pet will need an injection or parasite preventative administered during their stay. For the safety of our staff and your pets, we may not be able to administer certain medications or injections.**
